

PowerMic Mobile Tip Sheet for iPhone

Audience: Providers

Before you begin, make sure you have your Apple ID and password ready. You must have an Apple ID to download the PowerMic Mobile app from the Apple iTunes store.

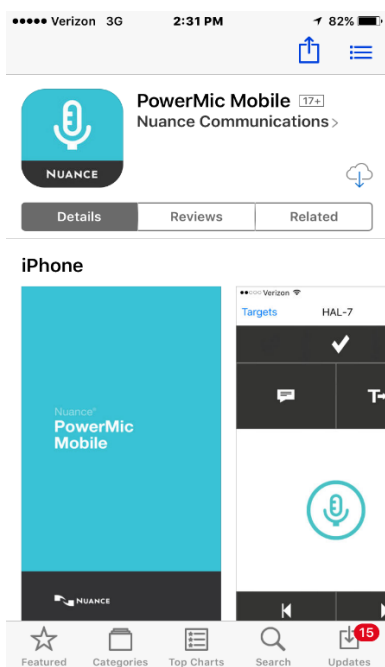

Need to set up an Apple ID or forgot it? Review these resources:

- [Set Up an Apple ID](#)
- [Reset Your Apple ID Password](#)

As always, please respect patient confidentiality by being mindful of your surroundings when dictating.

1. Download the PowerMic Mobile app.

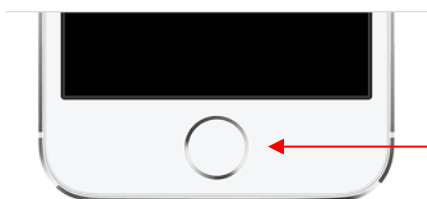

- **iPhone:** (Requires iPhone 5 and iOS 8.0 or greater): [Click here to download the iOS app](#)

Press on the cloud to download

2. After PowerMic Mobile is downloaded, push your iPhone home button. Tap the Safari app and copy/paste the following link into the browser address bar:

<dmic://config?NmsToken=OEZFRDNEQOOtNjIzNi00OTEwLUFGNjktRTc3RkQxQTRCNDMw>

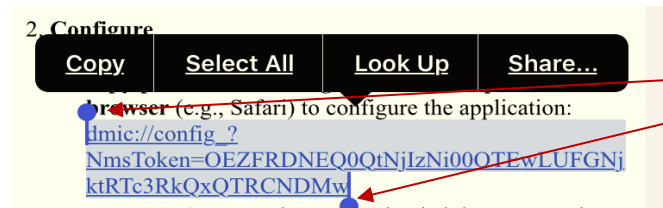

Select the home button

PowerMic Mobile Tip Sheet for iPhone

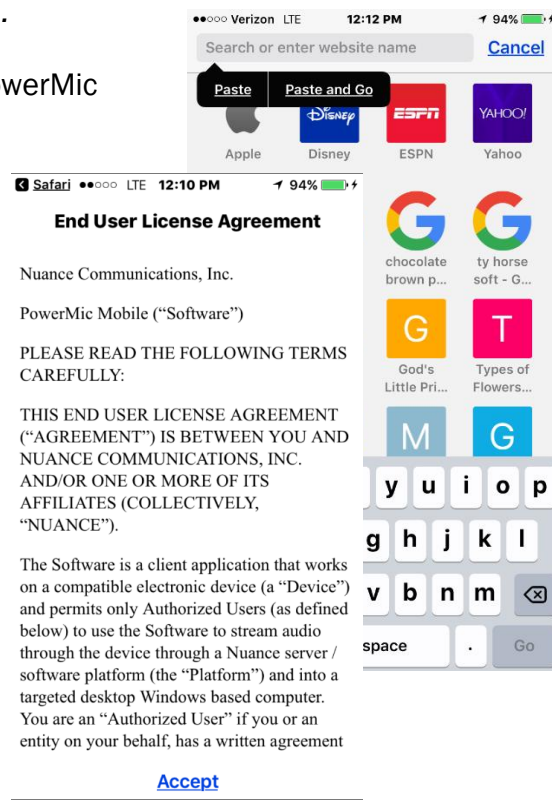

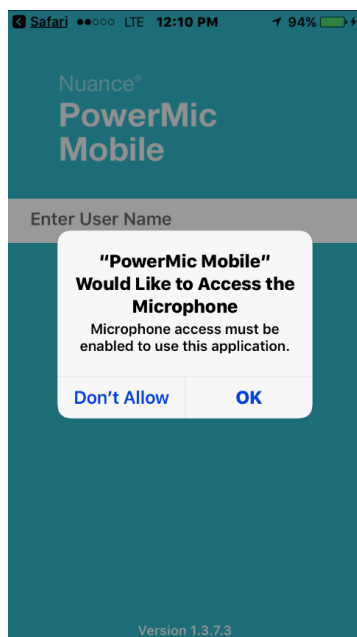

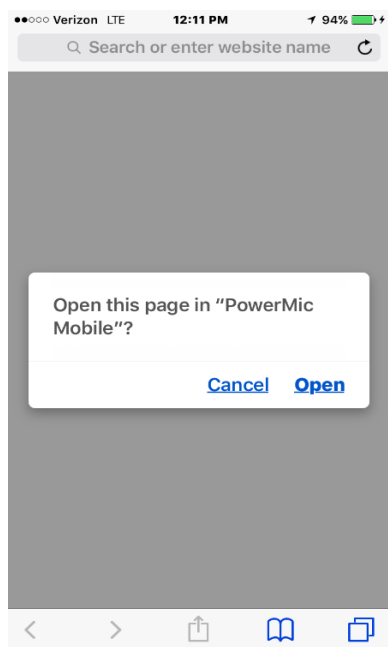

Note: You must view the above link on your mobile device so you can copy it from this document and paste it into your phone's browser address bar. To copy the link, press and hold your pointer finger in the middle of the link on your phone screen. Then, release your finger. Drag the set of blue handles across the text to highlight the entire link. Once the entire link is selected, tap **Copy**.

Drag the top blue dot to the left and the bottom blue dot to the right

Then, navigate to your desired browser (e.g., Safari) and press and hold your finger until you see the option to paste. Tap **Paste** and then tap the **Go** button.

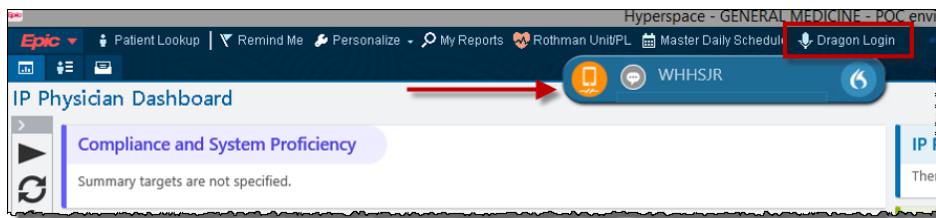

3. Tap **Open**. Tap **OK** to enable microphone access by the PowerMic Mobile app. Accept the **License Agreement**.

4. Tap **Start**. Enter your Houston Methodist Network ID and password and tap **Log In**. The PowerMic Mobile app will begin searching for a workstation to pair to.
5. Make sure you're logged in to Epic. Select the **Dragon Login** button from the **Hyperspace** toolbar.

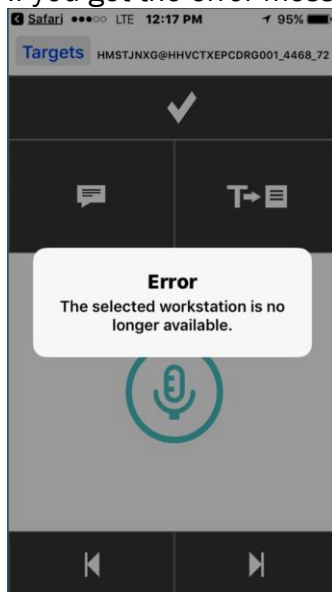

Note: The Dragon Bar can take 45 seconds to be visible.

Note: You may have to select the chevrons on the right side of the Hyperspace toolbar if you don't see the Dragon Login button.

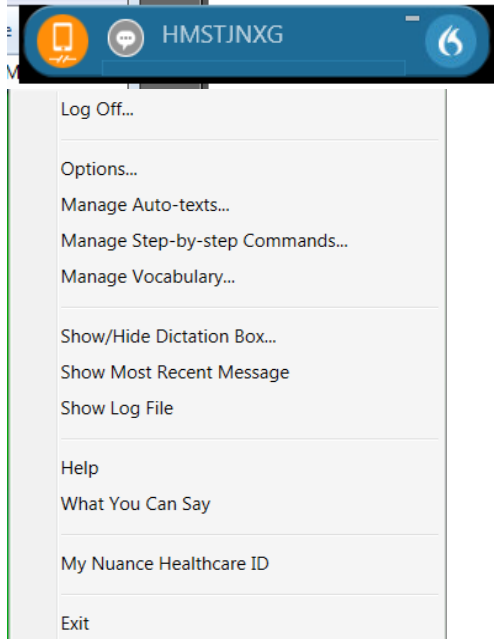

- If you get the error message below, select the microphone button and retry dictating.

- To change your microphone source from your phone to a standard PowerMic III microphone:
 - Select the dragon flame icon on the right side of the **Dragon Bar** and select **Log Off**.

- Log back in by clicking the **Dragon Login** button from the **Hyperspace** toolbar.
- Change the microphone source by selecting the appropriate option from the **Microphone** dropdown menu.

Note: If you don't see the Dragon Medical One login screen on your workstation, you may find it on the taskbar at the bottom of the screen.
